Creekside Park, Archdale

The Park is the headquarters for the City's Parks and Recreation Department that offers a wide range of year-round activities both indoors and outdoors. There are four lighted tennis courts, three lighted ball fields, three T-ball fields, a basketball court, two playgrounds, picnic shelters, walking trails, restroom facilities, an 18-hole disc golf course and the Archdale Recreation Center. Creekside Park also holds a historical value for people in this area, as the route of the "Old Plank Road" runs through the park. The Plank Road was constructed in the early 1850's and ran 129 miles from Fayetteville to Bethania (near Winston Salem), North Carolina. It was used primarily by farmers for trade and commerce. The park offers after school child care, as well as summer programs for school-aged kids. Athletic programs are available for both youth and adults. Creekside Farmer's market is located at the park during the summer.
